QUICK TIP #1

**Use your Workflow for instant feedback**

Feed back to your team instantly using your Workflow. This is designed to provide timely and informal feedback, without using judgements.

### QUICK TIP #2

Create your own Gallery tags

When you take a photo, you can tag and annotate it. Create tags of your own to help staff to quickly search and find specific content in your Gallery.

QUICK TIP #3

Writing moderation

When you moderate or perform a writing book study, take photos and tag the characteristics. Build a portfolio of writing exemplars for your team to use.

Welcome to the Spring ENewsletter

This issue is a little bit different. We're interested in helping schools to connect, share and create together as a community of leaders . When schools sign up to Nautilus, the idea of being able to collaborate with others can be an exciting idea. We've now added features to Nautilus to enable schools not only to create content, but also to export and import content. This means that leaders can quickly share ideas and content. This is where our new online community can help. We've included all of the information that you will need, with quick links to the forum, here in this Enewsletter. Please take a moment to share this issue with your team so that they can access the benefits of connecting with other SENDcos, Early Years, subject and senior leaders.

Wishing you a settled and productive Spring term - David and the Nautilus team

AROUND THE MOON
## Adventures in school leadership

The Nautilus Community

Connect with other Nautilus users, download exclusive free content and share.

Our Nautilus social media community is now live. This is designed to be an online space where school leaders can connect and collaborate. When we added the import and share features to the platform, the idea was to enable schools to share what they make. With over 1000 leaders on the system, and with so many Facebook users, we could see how this could really help teachers to share best practice. It's easy to upload learning walks to the Files area, where others can download and import them int the system.

We've been adding some great, free learning walks, book studies, observations and surveys for you to quickly download and add to your platform. You can already download our SEND Pupil Observation, Combined Snapshot (see below), Staff Wellbeing Survey and a Curriculum Work Study, ready to use in your school.

Anyone is very welcome to join, whether or not you are a Nautilus user, or an innovative school leader looking to read, learn and reflect with other educators. CLICK HERE TO JOIN

COMBINED SNAPSHOT
Observation · Book Study · Pupil View

A FREE Nautilus download

An efficient learning walk combining all three insightful elements. Capture your views using your iPad or tablet, take photos and download instant reports.

Your Free Leadership Webinars

Here's our free leadership workshops, saving you valuable time cascading information in your staff meetings. We'll show your leaders how to get the best out of the platform with these themed 45m sessions, helping your team to efficiently capture and evaluate your provision.

Nautilus Refresher – A walkthrough session
Fri, Mar. 10th 2023 @ 10:00AM GMT· BOOK MY SEAT
Who? Anyone wanting to revisit and refresh, new users.
A 45 minute 'how to' workshop with Q&A, walking you through the platform. How to administrate and assign activities as well as a look at some of the new features. Hints and tips.

How to Build – 'Creating Bespoke Learning Walks, Surveys and Observations'
Wed, Feb. 22 2023 @ 10:00 AM GMT· BOOK MY SEAT
Who? Any staff
A workshop focussing on the Builder tool and how you can quickly clone, edit and create bespoke learning walks, books studies, observations and surveys.

Smarter SEND – 'Capturing your SEND Provision'
Wed, Mar. 22nd 2023 @ 10:00AM GMT· BOOK MY SEAT
Who? SENDcos and/or teaching staff.
A walk-through of the SEND drop-in observation tool. We'll take a look at how we can efficiently and accurately self-evaluate SEND provision and identify critical areas for improvement. Add images to your classroom visits and create your portfolio of good practice in the Gallery area. We will also consider reporting SEND to others and the process of individual feedback for your teachers.

Super Subject Leaders – 'How to Capture, Report and Improve Your Subject Area'
Wed, Mar. 15th 2023 @ 10:00AM GMT· BOOK MY SEAT
Who? Subject Leaders.
Use Nautilus to strengthen your subject leadership. Learn how to perform great collaborative learning walks and book studies for a critical point of knowledge. Use your reports and analysis to evaluate and improve your subject area. Build a Gallery of best practice.

An Introduction to Nautilus
The first Wednesday of every month 11:00 AM BST · BOOK MY SEAT
Who? Anyone interested, external partner school leaders, new users.
A session to introduce the platform to school leaders. We'll demonstrate how to use Nautilus to capture and evaluate teaching and learning. Share this opportunity with your colleagues from other schools to strengthen your collaboration, before adding yourselves to each other's platforms to capture together.

An Introduction to Nautilus High
Wed, Mar. 29th 2023 @ 10:00AM BST· BOOK MY SEAT
Who? Anyone interested, external partner school leaders, new users.
A session to introduce the platform to high school leaders. We'll demonstrate how to use Nautilus to capture and evaluate teaching and learning. Share this opportunity with your colleagues from other schools to strengthen your collaboration, before adding yourselves to each other's platforms to capture together.

A New Adventure

New frameworks, same great features

'We've had such a lot of interest from high schools, with some already signing up to the primary platform, that we thought that it would make sense to develop our secondary platform.'

Working with our secondary team, we've created a scaled-up system, with more capacity for heavy use. Leaders can evaluate their departments and subjects, selecting from the full range of GCSE, AS and A level programmes of study. With subject specific dashboard analysis to quickly identify strengths and areas for improvement. The Workflow can then help you to create supportive professional dialogue between subject specialists.

We've also added frameworks that can offer efficient teaching and learning evaluations, plus a selection that will focus heavily on pastoral care. This enables leaders to capture the learning in the classrooms, as well as pupil views around transition, safety and enjoyment.

'We've not only created a platform that secures the systematic leadership of teaching and learning, but also an approach that will help any school to capture and celebrate best practice.'

As with the primary platform, users can clone, edit and create content in minutes. This enables leaders to transfer any existing observation proformas to the system, so that they can begin to build data sets for analysis.
