

Nautilus Training

Save yourself precious time and energy by letting us help your team

We recognise that good implementation is the real key to success. We don't expect headteachers and leaders to have to spend precious time revising, preparing and cascading training when it's simpler and more affordable for us to help. We can help you to get the best out of the platform as well as expert advice and ideas for successful evaluations, analysis and school improvement. We're here to collaborate with you, and to provide great leadership solutions for the important work that you and your team need to do.

Platform Refresher · 1 hr Teams video call, only £99

A full revisit of the platform to recap all of the key features. Perfect for supporting any change in school, taking a look at the new developments or just making sure that you're getting the most out of the system. We can also help with any questions or queries. [BOOK NOW](#)
